Meant to be killed  
It's your destiny  
Guilty as sin  
Judgement for you... DIE!

Live in this sick society  
Where violence is dominant  
Innocents die  
For wealth and glory  
I am the vigilante  
Who puts weight in justice  
I'll punish the guilty  
And those who deserve to die

Walk through this dark alley  
Feel someone in your back  
You cannot escape from me  
Feel, feel it in my sight  
The disgust that I got from you  
Hope you enjoy your shitty life  
You're dead
