"Excommunicate"

I preyed on human nature
I took this innocence alive
I prayed through the allegations
Deliver me from the fire
And I feel no remorse
Take me to the gallows

Textbook psycho analyze my shame
He took the innocence away
And I vowed to watch you die
Take him to the gallows

Excommunicate
Hang the beast
Show no mercy in the god-damned killing
Excommunicate
I'm in love with feeling nothing for life

Father and your precious values
Sewn together bringing infinite defeat
And there's no chance for a cover up
Take him to the gallows

Excommunicate
Hang the beast
Show no mercy in the god-damned killing
Excommunicate
I'm in love with feeling nothing for life

Excommunicate
Hang the beast
Show no mercy in the god-damned killing
Excommunicate
I'm in love with feeling nothing for life

One voice to children (one voice)
One chance to save us all
One voice to kill them (one voice)
One chance to save us all
One voice to a million (one voice)
One chance to save us all
Save us all, save us all

You can't save us all
