Look at yourself in the mirror
Tell me do you like what you see now
What will it take to get things clearer
And break the back of the demons on you now

Cause you're winding down
Growing out
Oh all your words are out
And hold onto

Cause its all you found
Strolling out
The door
Without even saying goodbye

(chorus)
Just go
Just go without me
You'd be better off without me
Just go ahead and doubt me

Just go
Just go without me
I was the only one who cared about me
You'd be better off without me

Look at yourself in the mirror
Tell me do you like what you've become
All the question my heart
And all the things undone

Cause you're winding down
Growing out
Oh all your words are out
And hold onto

Cause its all you found
Strolling out
The door
Without even saying goodbye
(chorus)
Just go

Just go without me
You'd be better off without me
Just go ahead and doubt me

Just go
Just go without me
I was the only one who cared about me
You'd be better off without me

When so much means so little
And your lifes took you know little
Oh inside a war
You just can't seem to win

When so much means so little
And your world is upside down
What can you do to clear yourself

(chorus)
Just go
Just go without me
You'd be better off without me
Just go ahead and doubt me

Just go
Just go without me
I was the only one who cared about me
You'd be better off without me

Yeah

Ah oh ah oh ah oh-h

Ah oh ah oh ah oh-h

Ah oh ah oh ah oh-h
