There is no real me
Only an entity
Something illusionary
And though i can hide my cold gaze
And you can shake my hand
And feel flesh griping yours
And maybe you can even sense
That our lifestyles are probably comperable
I simply..am not..there

She said "Live young and leave a wake of beauty."
That's all I ever could have asked, should have asked
from you.
And I won't forget to write you when I get there soon,
'Cause you'll be lying dead from stab wounds to the
neck and chest again.
(They found you covered up in blood, covered head to
toe in blood.)
Face first in a tale of awkward love.
(They found you covered up in blood, she's bleeding,
she's bleeding.)
Gone, with the stitching in her heart left out,
A silhouette that just won't heal
I'm dying in your arms tonight.
(In my dreams, we die with this blood and this knife.)
(2x)
Locked away. (2x)
I know it's all just a bad dream now.

So now midnight's here, you're all alone.
They use this fear.
It's all just a bad dream and
I can't seem to wake up from this.
Midnight's here, you're all alone.
They use this fear.

It's all just a bad dream and
I can't seem to wake up from this.

(In my dreams, we die with this blood and this knife.)
(2x)
Now! I know it's all just a bad dream now... (3x)

I say, "This is the last time that I'll ever get to see your face alive."

(They found you covered up in blood, covered head to toe in blood.)

I know that everyday's a new day, and my dreams will never die.

(They found you covered up in blood, covered head to toe in blood.)

She said, "Live young and leave a wake of beauty."

(She)That's all I ever could have asked, should have asked from you.

(She)And I won't forget to write you when I get there soon

(She)'Cause you'll be lying dead from dreaming...(nightmares.)

So now midnight's here, you're all alone.

They use this fear.

It's all just a bad dream and

I can't seem to wake up from this.

Midnight's here, you're all alone.

They use this fear.

It's all just a bad dream and

I can't seem to wake up from this.

Midnight's here, you're all alone.

They use this fear.

It's all just a bad dream and

I can't seem to wake up from this nightmare.
