It's not the knife you bleed on  
It's not the cancer in your bones  
It's not the sunrise choking  
It's not the blood red moon alone  
It's not the way you look dead  
It's not the silent season  
It's not the suffer intense  
It's not the life you feed on

It's the way the night  
Falls into the feeling grey

Empire, I was built around your heart  
Hey hey  
Let the right one in

Empire, I was built around your heart  
Hey hey  
Let the right one in

It's not the ghost you kill with  
It's not the yellow eyes you crush  
It's not your failing senses  
It's not the barrel of this gun

It's the way the night  
Falls into feeling grey

Empire, I was built around your heart  
Hey hey  
Let the right one in

Empire, I was built around your heart  
Hey hey  
Let the right one in  
Let the right one in

Let the right one in  
Let the right one in

It's the way the night  
Falls into feeling grey

Empire, I was built around your heart  
Hey hey  
Let the right one in

Empire, I was built around your heart  
Hey hey  
Let the right one in

Empire, I was built around your heart  
Hey hey  
Let the right one in

Empire, I was built around your heart  
Hey hey  
Let the right one in  
Let the right one in
