When I wake, I see you
Lying there on the bathroom floor
With foam lips, a black kiss
Your dead hero and I miss
And will you, look so nice
We'll save the undead princess
I'm anxiously awaiting your arrival now

One love, in you're eyes now, look afraid
Beyond human aid
One love, in you're eyes now, look afraid
Beyond human aid
One love, in you're eyes now, look afraid

A demon, your ghost eyes
Watching me run through our lives
A soft look, in silence
Misery come and find us
Well don't try to stop me
I'm headed straight to hell down
I want you, I need you now

One love, in you're eyes now, look afraid
Beyond human aid

One love, in you're eyes now, look afraid
Beyond human aid
One love, in you're eyes now, look afraid
Beyond human aid
One love, in you're eyes now, look afraid
Beyond human aid

Your last night, you were here
Your words were so meaning full
With reprise and suffer
I thought your ruse were so fake

One love, in you're eyes now, look afraid
Beyond human aid
One love, in you're eyes now, look afraid
Beyond human aid
One love, in you're eyes now, look afraid

Beyond human aid
One love, in her eyes now, look afraid
Beyond human aid
One love, in her eyes
Beyond human aid
One love, in her eyes
Beyond human aid
