Let's show this world we can be alright without its
sponsor's word
I think my mind is almost washed
America might change it's time line if the media fucked
off
And quit filling kids with lies, won't you say now?

I just can't let this record play
(Play now, I can't find)
'Cause I feel like the masses are quietly lied to
And they don't discuss the way
(Way now, I can't find)
We treat foreign countries who oppose our policy

And I feel so hollow
(And I feel)
Like a trapped soul inside of a desperate heart
And I feel so hollow
(And I feel)
This pledge of resistance is about to start now

I just can't sing this song without my heart
(Without my heart, I feel so)
'Cause I'm so alive, yeah, I'm so alive
And I know this empire is run on fear
(Faith in an empire now)
And this greed sets apart from innocence

And I feel so hollow
(And I feel)
Like a trapped soul inside of a desperate heart
And I feel so hollow
(And I feel)
This pledge of resistance is about to start now

Now this pledge of resistance, now won't you?
(Now this pledge)
This pledge of resistance, now won't you?
(This pledge)

We have nailed our names in the pages of history
Enough for today

Let's light this world on fire and watch it burn
Let's light this world on fire
