Why walk away when you can see me?  
Why stand alone without your breath?  
Why smile at something that isn't standing there,  
And lose what you've been staring at?

[Chorus]

The soul you hold in your hands,  
Is more fragile than, it's ever been.  
So please be gentle with it,  
It's all that I have left.

And this feeling I have has left me standing there.  
'Cause I'm watching you walk away again.  
And times been wasted on you,  
Trying to work it out.  
It's all the same as it was  
The same beginning over again.

I stand behind the glass, and think about what was just  
said.  
Is this the end?  
I'm not sure if you should be scared or-  
Just go and lose myself once again.

[Chorus]

The soul you hold in your hands,  
Is more fragile than, it's ever been.  
So please be gentle with it,  
It's all that I have left.

This feeling I have has left me standing there.  
'Cause I'm watching you walk away again.  
And times been wasted on you,  
Trying to work it out.  
It's all the same as it was  
The same beginning over again.

And only time can tell  
Who we'll be, years from now.  
Can I search the sky  
And find the silver lining to this cloud?  
Should I be searching for

A way, to get out?

And this feeling I have has left me standing there.  
'Cause I'm watching you walk away again.  
And times been wasted on you,  
Trying to work it out.  
It's all the same as it was  
The same beginning over (again), and over, and over.

And this feeling I have has left me standing there.  
'Cause I'm watching you walk away again.  
And times been wasted on you,  
Trying to work it out.  
It's all the same as it was  
The same beginning over again.  
We're over again.  
Over again...
