Well, I have promised not to save you
From this hotel
Well, I have promised not to let you go
Let you go

Well, I have promised not to save you
From this hotel
Well, I have promised not to let you go
Let you go

I can feel the winter's air
And we're almost home now
We're almost here
And every turn of the past
Every blink of time
Well, I feel the dawn breaking time so

Well, I have promised not to save you
From this hotel
Well, I have promised not to let you go
Let you go

Well, it's drugs that is breaking us down now
Well, it's mind numbing freight train hears the sound
We give reason to what ties us to our past
And fights for our lives
[Incomprehensible]

I can feel death combing through my hair
And breaking tide
I can feel death combing through my hair
And breaking tide

It's not time to give up
It's not our time to give in
It's not time to give up
It's our time to give all

(Our life)
Depends on the dawn breaking tide
(Our life)
Depends on what's wrong and what is right

(Our life)
Depends on the dawn breaking tide
(Our life)
Depends on what's wrong and what is right

(Our life)
Depends on the dawn breaking tide
(Our life)
Depends on what's wrong and what is right
