She walks the line into her deathbed rings
I say she's all alone begging for forgiveness
I won't teach her to lie or make a plan
That clairvoyant stare and grin
God won't forgive me for this I know

Tragedy unfolds tonight as you sever my skin apart
Take this sadness and close your eyes, love

Hey, call the angels
This razor blade was meant for me
Hey, call the angels
We'll mutilate insanity

She cuts a vein although it's much too dull
I say she's all alone fighting for redemption
I know a little pain, a little lust
I lose myself at night to feel the rush of tearing my skin
apart

Now take this sadness and close your eyes, love

Hey, call the angels
This razor blade was meant for me
Hey, call the angels
We'll mutilate insanity

Go deeper, I feel it
I see your ghost appear
Go deeper, I see it
I feel your ghost appear
I will say goodbye tonight, we'll sleep forever

Hold on, hold on tonight, love
We'll sleep forever
Hold on, hold on tonight, love
We'll sleep forever
Hold on, hold on tonight, love
Close your eyes

Hey, call the angels
This razor blade was meant for me

Hey, call the angels
We'll mutilate insanity

Hey, call the angels
This razor blade was meant for me
Hey, call the angels
We'll mutilate insanity
