Motiveless killer out of control
Dagger poised to take your soul
Your days are numbered, you don't stand a chance
A stab to the heart, you're in permanent trance

Adrenaline high, prepare to die
Soon to draw your last breath
Your time has come, there's nowhere to run
Fear will last forever

Living on the edge
Living on the edge

Ultimate sinner hours remain
A silence looms, it's the end of the game
You fall to your death in a frenzied attack
Shot to ribbons, burning black

Twisted and torn, since the day you were born
The pain, the sorrow, the sadness
For those who died, it burns inside
It will last forever
Living on the edge
Living on the edge

You gambled your way through life in a feverish
desperation
Your own demise was just a matter of time
Trapped in mind, no fear of dying
If you had lived, you'd have crucified us all

Into the fire, eternal flame
Burn in hell, again and again
Shrouded in darkness, you pray for light
Your soul awaits the second sight

Twisted and torn, since the day you were born
The pain, the sorrow, the sadness
For those who died, it burns inside
It will last forever

Living on the edge

Living on the edge
Living on the edge
Living on the edge
Living on the edge
