It's going round that you're leaving me  
But I've tried everything to make you stay  
I'm blinded by a fading memory  
Of hoping you'll be back again someday

I'd give up everything just to hold you once again  
I'm praying for a reason to make you understand  
And if I knew the answer, rest assured I'd let you in...

All I want it's plain to say  
Remember the yesterdays, take a chance on the dream  
All I want it's in my eyes  
Believe in a miracle somewhere in the night

Oh, I called your number, but you just let it ring  
Maybe it's because you're not alone tonight  
It's getting harder as the days go by  
And this emptiness is killing me inside

All I'm asking now is that you help me ease the pain  
I need your love just to shelter me from the pouring  
rain  
Tell me everything is gonna be alright someday...

All I want it's plain to say  
Remember the yesterdays, take a chance on the dream  
All I want it's in my eyes  
Believe in a miracle somewhere in the night

I'd give up everything just to hold you once again  
I'm praying for a reason to make you understand  
And if I knew the answer, rest assured I'd let you in...

All I want it's plain to say  
Remember the yesterdays, take a chance on the dream  
All I want it's in my eyes  
Believe in a miracle somewhere in the night

All I want it's plain to say  
Remember the yesterdays, take a chance on the dream  
All I want it's in my eyes

Believe in a miracle somewhere in the night

Now all I want is you and me

Remember the yesterdays, take a chance on the dream

All I want it's in my eyes

Believe in a miracle somewhere in the night
