Lies, you tell 'em by the dozen
Now where do you hide your shame?
You get what you got comin' 'em
Try to tease me with your insincerity
Tellin' me what I'm gon' be
But guess who's on to your game, yea that'd be me

Can you, you tell me your reasons
Why you, you wasted my precious time?
Now you, you can't even face me
So you, it is what it is

On and on your story's growin' old
(End of the line)
No more promises and no more of your lies
On and on my soul will carry on
(End of the line)
Send you all my love and now I say goodbye, goodbye

Blinded by your discretion, hidden by your aggression
now
How many, so many tried to show me the signs
I covered your front while you stabbed at my back, I'm
takin' aim
Keep on runnin' 'cos you won't leave me out to
dry

Can I tell you it's over
While I show you what I'm made of?
Now I, I'm back to believin'
So I commence the divide

On and on your story's growin' old
(End of the line)
No more promises and no more of your lies
On and on my soul will carry on
(End of the line)
Send you all my love and now I say goodbye, goodbye

Can I tell you it's over
While I show you what I'm made of?
Now I, I'm back to believin'

So I commence the divide

On and on your story's growin' old

(End of the line)

No more promises and no more of your lies

On and on my soul will carry on

(End of the line)

Send you all my love and now I say goodbye, goodbye
