Let me start with what a fool I've been
I've been missing since I don't know when
Naive to think you'd still be there
Anytime and anywhere I turned away

You gave me all your golden years
In return I left unknowing tears
Now the tables turning 'round my way
'Cause a part of me has died since you been gone

Do you believe it's best we live
Our lives without each other?
Do you believe we can go on our separate ways?
If you do, I will shed a tear goodbye

I dream to get back yesterday
When everything would simply go our way
We never had to look between
All the lines could turn the night to day

Do you believe it's best we live
Our lives without each other?
Do you believe we can go on our separate ways?
If you do, I will shed a tear goodbye

It's too late for restitution
Too late for sorry now
And if you go for good
I've lost it all, this I can't allow

So I'm asking for another try
I will lay out all the reasons why
Won't you pick me up, I'm flat on the floor?
I will never let you down another day

Do you believe it's best we live
Our lives without each other?
Do you believe we can go on our separate ways?
If you do, I will shed a tear goodbye
