Hey! Hey! Hey!

Yeah! Check it out!

Baby Im not complainin' but I think I must attest

U just aint the devil I used 2 know, slippin out that tight
blue dress

Now I know I aint no little boy but I still got lots of juice

Im still down with your lip smackin ways & little wild
abuse

(Chorus:)

Id rather die than be without u

No real surprise, what I wouldn't do

Turn out the lights it's time again

Im digging your reaction, skin on skin

Im a monkey on your see saw, like a doggy on a swing

Girl I don't know what Im saying cuz it just don't mean a
thing

(Chorus)

Not much on flowers & kisses

Im more 4 unadulterated

U know how 2 fill my wishes

Were now just starting, baby

(Solo)

Tell me, are u feeling lucky, now Im feeling kinda spent

My libido's sayin what the hell, can we do it all again?

(Chorus)
