We tried 2 avoid disaster
But it's 2 late this time
But life goes on all but faster
& no change in sight
On fire
As I reach out 4 U
I'm standin' on fire
The lies & the cold deception
Right in front of our eyes
They gave us the wrong perception
That led 2 goodbye
On fire
As I reach out 4 U
I'm standin' on fire
On fire
Can U hear me callin'?
I'm standin' on fire
& now that the tears R gone
Everything is alright
We tried 2 avoid disaster
In our hearts, in our minds
On fire
As I reach out 4 U
I'm standin' on fire
On fire
Can U hear me callin'?
I'm standin' on fire
Now I'm fallin'
Yeah!!!
I'm standin' on fire
I'm standin' on fire
