Lost behind the visions of yo' body, mind & soul, yeah  
U been lookin' way 2 hard & I'm guessin' far 2 long,  
yeah  
There's no need 4 explanation, cuz I know  
We all need some resurrection, oh oh oh oh  
All the shades of life should b so easy 2 control, yeah  
But u never seem 2 understand the right from wrong,  
yeah, yeah  
Tho' every page looks black & white, well I know  
Every day begins with light, oh oh oh oh  
If u got the time  
Well I got the situation  
Pictured life just passes by  
Tainted pages turn in yo' mind  
Just like a new religion  
Erasing everything u know  
Is like fakin' everything u ever learned  
Now there's no need 4 explanation, cuz I know, know,  
know, know, know  
We all need some resurrection, oh oh oh oh  
If u got the time  
Well I got the situation  
Pictured life just passes by  
Tainted pages turn in yo' mind  
Just like a new religion  
Erasing everything u know  
Is everything u ever learned  
What's my line?  
I'm here 2 tell u 'bout a new sensation, oh, yeah, yeah  
In yo' mind  
Just like a new religion  
We sit & watch as the pages turn  
Watch as the pages turn  
Watch as the pages turn  
The pages turn  
The pages turn
