Just another deformed analogy
Further from what we all thought was near
Now the clouds r cryin'
Tears in the sky r fallin' down again
No sun 2morrow
Tears from the sky r rainin'
We're near the end
Peace, love & joy, expressions oblivious
Talk is cheap in the words that r dangerous

Ignorance dims our, our dare 2 recover
No more faith in life, no more surprise
If we never ever cease the cryin'
Tears in the sky r fallin' down again
No sun 2morrow
Tears from the sky r rainin'
We're near the end
Now we're only human or so they say
Just another deformed analogy
Further from what we all thought was near
Now the clouds r cryin'
Can you hear the cryin'?
Tears in the sky r fallin' down again
No sun 2morrow
Tears from the sky r rainin'
We're near the end
Tears in the sky r fallin' down again
Lost in the sorrow
Tears from the sky r rainin'
We're near the end
Fallin', fallin' down
Tears r fallin'...
