I'm reaching, i'm calling
but u don't seem 2 hear
i long 4 the hand of the man
the man who gave me life
no shoulder, 2 cry on
no law when my choice was wrong
my shadows of emptiness
i find them everywhere

(Chorus:)

i'll never know (i'll never know)
the man i'll never be (no, never)
i missed out on the arms that made me strong
but u won't get that from me (won't get that from me)
the woman, a mother
can only fill the shoes
but a boy needs a man
2 teach him how 2 be a man
i'll never know (i'll never know)
the man i'll never be (no, never)
1 thing i know (1 thing i know)
is my children will know who i am (who i am)
cuz, i missed out on the arms that made me strong
but u won't get that from me (won't get that from me)

(Solo)

(Chorus)

1 thing i know (1 thing i know)
is my children will know who i am (who i am)
4ever i intend that i will always be
the man i need 2 be
