"The tears in the sky"

World is turnin',
But society's standing still
Vows of eden have burned
Thru compassions' will

Pre:

Now we're only human or so they say
Just another deformed analogy
Further from
What we all thought was near
Now the clouds r cryin'

Chorus:

Tears in the sky r fallin' down again,
No sun 2morrow
Tears from the sky r rainin',
We're near the end

Peace, love & joy,
Expressions oblivious
Talk is cheap in the words
That r dangerous

Now we're dumb & blind
& so misunderstood
Ignorance dims our,
Our dare 2 recover
No more faith in life,
No more surprise
If we never, ever cease the cryin'

Chorus

Pre

Can you hear the cryin'
