Dawning wither, you've got me burning
It's such a critical condition
All or nothing or so I'm learning
But now it wasn't my decision

I can't believe what you're doing to me
I guessed it from the start, yeah
You took my love and you threw it away
Now I know, U done me wrong, yeah

Stop pretending, there's no reason
Somehow you just were never satisfied
I was a victim in your act of treason
But now this comes as no surprise

I can't believe what you're doing to me
I guessed it from the start, yeah
You stole my love and you threw it away
Now I know, U done me wrong, yeah

I can't believe what you're doing to me
I guessed it from the start, yeah
You took my love and you threw it away
Now I know, U done me wrong

Just close that door as you're walking away
I won't be a fool no more
I'll say it once, and I'll say it again
Now I know, U done me wrong
