We're here, together breathing Summer air.
It's the day of dreams and we don't care what others
say.

Cause I'm in love.
Atleast that's what they'd say.
When you look at me do you see my heart?
Did you see the angels when the lights go dark?
And no one's there, but you.

Cause I'm lost in the beauty of your heart.
I'm lost in the feelings of your touch.
I'm lost without you...

And I'll hold you close until I die.
Your the reason that I cry.
The reason that the Sun doesn't shine.
And darkness fills my sky.

Your in my thoughts, your in my heart.
I swear I never knew this would be so hard.
Last, final, goodbye.
Last touch of a perfect taste of sorrow.
As I let you go...
And I think I've come to find, that there's no one, there.
And love is all a lie.
Please, change my mind.

Cause I'm lost in the pain of a broken heart.
I'm lost in the memories of your touch.
I'm lost without you...

And I'll hold you close until I die.
Your the reason that I cry.
The reason that the Sun doesn't shine.
And darkness fills my sky.
Your my beautiful poison.
My beautiful poison.

Try to break the chains that bind my heart, to you.
But you don't seem to care.
You just keep pulling, dragging me, through these
days of despair.

Run, and run, until your pretty face disappears.
The time has come.
The ends is finally here.

I had it all, or so I thought. (I can't breathe)
Because you were mine and we were, one day out.
From dreams of Fairy Tales that finding true love is
about. (I can't believe)
I wake from nightmares with the tears that come from
this betrayal.
Look into my bleeding eyes.

I can't believe these pictures.
I'm the one who stands, deceived.
Her secret life will come to haunt her.
This is not goodbye.
