Love goes to building on fire

When my love
Stands next to your love
I can't compel love
When it's not love
It's not love
It's not love
Which is my face
Which is a building
Which is on fire - on fire

When my love
Stands next to your love
I can't define love
When it's not love
It's not love
It's not love
Which is my face

Which is a building
Which is on fire - on fire

I've got two loves
I've got two loves
And make 'em tweet tweet tweet like little birds
I've got two loves / two loves / two loves
Which is my face
Which is a building
Which is on fire - on fire

It's not love
It's not love
Which is my face
Which is a building
Which is on fire - on fire
