I'm searching
Need to find her
Dont think I know when I'm right beside ya'
Too much social
I lay down my pride
From the soul
Wich comes from the inside

I (am?) the one who is most high.....

Let me ask you 'cause
Hows your life
I don't know so why must I go
To the balcony of forgiveness
And the thought that I must deserve this
(I no lie?)
Just an answer

I just want what's rightfully mine.....

Go!

Okay!
Whos the one to say (bite the motor white?) when the
body body (little chop?) on the grass
Hun, and when you think that you can catch it can I get
none, so on the paw still , sing the
Same note, and the (piece of lock?) is where I need
you , ill just take it,and like take it,
Shhh.... I can.

This time

Well I'm buried

Under the ashes
All the things that
I took for granted
Do you wonder who wrote the story
All have faced
The same road before me

Let me ask just one more time.....

Mighty words

That try to distract me

But it's faith

That makes us believe thee

Yes I know

But thats not the question

Your my guide and show me direction

What we do to hold this time...

Go!

Okay!

Whos the one to say (bite the motor white?) when the
body body (little chop?) on the grass hun, and when
You think that you can catch it can I get none, so on the
paw still , sing the same note, and the (piece of
Lock?) is where I need you , ill just take it back (why
wont you see that?) I live in (? ? ? ?).

Will I know , (untill I dig her..?) , when will I know.. when
will I know.....
