Born in another world that i thought, was my life a
completed lie??
Why this chimes i hold inside are chillin' an innocent
mind??
Grow the truth behind all lies and my isms are gettin'
blind!!
Lust ya life, i feel proud inside 'cos i just begin to fly...

-Say!! i can fly!! CHILLERS!!! among tha sky.
i grab your world, i jump thru the sky...
i feat my life and i provoke you to fly...

Born to lick the tongue from the heaven that's flaming
away!!!
A subtle passion of da "snowboard" ... ripen in ya heart
a'liked a cursed;
Since the loose procesed of the times 'n the iced falls, i
feel fuckin' rage,
another trick to bleed the plague that hunts me until the
end... and its a vague pain that
influences me to fuck fly ya sequel!!!

-Pray!! let me fly!! CHILLERS!!! that burn the sky...
-Pray!! i can fly!! CHILLERS!!! tear the sky.
i grab your world, i jump to the sky...
i feat my life and i provoke you to fly...

method.real life to loose...
method.ostentate a new life...
method.real life to loose...
method.ostentate a new life...
i grab your world, i jump to the sky...
i feat my life and i provoke you to fly...

fuck...pray, pray, pray, pray, pray, pray, pray, pray!!!
fuckin' pray...
CHILLERS.
