I can't tell
How's this shit all my fault?
It's a department I fill
But they should

And I send commands
Just because I can
Oh, I can just imagine
The difference it has

Straight out of your mind
You see, I'm well aware
You're out of your mind
It's straight

I said your name
It slipped off my tongue
Pointed at the camera
Laughing at you

Once again
You see, no one cares
It's how you wear it
Not what it is

Straight out of your mind
You see, I'm well aware
You're out of your mind
Straight out

I can't tell
How's this shit not your fault?
Bitch, you're barbaric
King Kong, get some

Switching command
Just because I can
I'd like to see you wear it
Why can't I stare?

Switching command
Just because I can

And if I let my guard down
Who knows what then?

Once again
Just because I can
Just because I can
