Remember that one time I bit you on the arm
I was just afraid of solitude, of being (alone)
I want to be at your house right now
Make you stand by the sink
I swear you'll keep (awake)
Cause I could show you things like fire and more
Remember the time I kicked the tv (over)

For months
I'm sharing lungs
I can't talk
to her
Cause she'll throw rocks
at me

I might never see you again
I hope we fix
and stay special plus (stay)
I ain't trying to start a fight
but in a hurry, I could pull you in for a moment
I know this (pain)
That's so sweet
Battlestations(?)
Please Goddess, Marry Me... (Me)
But don't leave now on me
Cause I'll fuck you too more-I hate you so stinking
(much)

For months

I'm sharing lungs
I can't talk
to her
Cause she'll throw rocks
at me

Screaming in all concerns
I thought you would be listening. No...
I should know by now you don't care much about my
music
?????
My lungs are in the top drawer

But I know all about - put that inside of you(?)
As long as we sleep right now
As long as we sleep right now
Goodnight...

For months
I'm sharing lungs
I can't talk
to her
Cause she'll throw rocks
at me
