You move like I want to
To see like your eyes do
We are two stairs
Where no one can see

New life break away
Tonight, I feel like more
Tonight, I

You make the water warm
You taste [Incomprehensible]
And I know you can see
The cord break away

'Cause tonight, I feel like more
'Cause tonight, I feel like more
I feel like more [Incomprehensible]

Sometime you breathe then you stopped
I breathe then dried you off

And tonight, I feel like, feel like more
Tonight, I feel like, feel like more
Tonight, I feel like, like more
I feel like more
Tonight
