We are beggars, where blown  
And I will meet you fourth floor  
Then we'll make up, no

No fist to fuckin' save you from  
No fist to fuckin' save you from  
No fist to fuckin' save you from  
You knock me out

I'll take the burden, full blown  
And then we'll be there, no  
Do you think I care?

No fist to fuckin' save you from  
No fist to fuckin' save you from  
No fist to fuckin' save you from  
You knock me out

No fist to fuckin' save you from  
No fist to fuckin' save you from  
No fist to fuckin' save you from

I'm going home  
I'm going home  
I'm going home

Everything felt good  
Everything was right at first  
When I was so curbed you know, mad dog

Life before, I would shine down unshy  
It comes from the first one I  
While I watched you

Makes me sick, makes me go  
I would shine  
I want to be much then more  
While I watch you

Life before I would shine down unshy  
I want to be much then more  
While I watch you

Life before, I would shine down unshy  
I want to be much then more  
While I watch you

Life before, I would shine down unshy  
I want to be much then more  
While I watch you
