But I've never wandered out

I'd like to pull you into me  
Intercept you, in between  
But I will never walk without, outside

Thatta way, outta the way, stay away from you

I've looked inside  
But I never wandered in

I'd like to pull you into me  
Intercept you, in between  
But I will never wander in, inside

Thatta way, outta the way, stay away from you

Universe, Breaking us down

Thatta way, outta the way, stay away from you  
Thatta way, outta my way, stay away from you  
Yooouuuu, yooouuuu, yooouuuu....

Universe, Breaking us down
