This is your chance
Revolt, resist!
Open your chest
Look down, reach in

Shedding your skin, showing your texture, time to let
Everything inside show
You're cutting all ties now and forever, time to let
Everything outside you

This is your test
Come forth, confess!
Extend your tongue
Speak out, go on

Shedding your skin, showing your texture, time to let
Everything inside show
You're cutting all ties now and forever, time to let
Everything outside you

Shed your casing, show your lines and shapes
Wear your insides
On the outside
Show your enemy
What you look like
What you look like
From the inside
From the inside

You're cutting all ties now and forever, time to LET!

Shedding your skin, showing your texture, time to let
Everything inside show
You're cutting all ties now and forever, time to let
Everything outside you

Shed your casing, show your lines and shapes
Wear your insides
On the outside
Show your enemy
What you look like
What you look like

From the inside
From the inside
