Nerve, Here I borney feeding on his lung
Verve, is his curse because he wanted to meet christ
alone

Bitch - you're no good, we could be so flown
Misunderstood - we could be your god

There in my bones we could be so flown
Misunderstood - because he wanted to meet Christ
alone

But you will...
No you will never find me - breach unborn
Never come here watch me burn
Never bitch cause your scars show
Never will I burn

Under and beneath the floor
Before his face 'cause your no good
We could have been like one

Fuck it

Bitch you feel sore, we could be so flown
Misunderstood, Because he wanted to meet Christ
alone

But you will...
No you will never find me - breach unborn
Never sit and watch me burn
Never bitch cause your scars show
Never will I burn, will I burn, will I burn, will I burn

Beg don't even try and you will never (x3)
Beg don't even waste your time
