I relate to your kind
Your design
Your devotion to wave
Get your brain on the prize
Then dive

Inside, mindset
Of a killer
With your mind
Out of phase

It's a game that we like
We crave yet nobody wins
Any way you decide
You try but you die

Mindset of a killer
With your gaze
You paint the room
Blood red with tears
Pouring from the stage

And you can't stop now
Row by row, almost out
Covered in black and gold
No one cares no one knows

My gift to the world outside
It's okay, I'm alright
Now open your empty hands
'Cause here comes the fun
Here comes the end

Click, erase the device
Give thanks
Then clear out the room
Blow kisses, wave them goodbye
Goodnight

Mindset of a killer
With your gaze
You paint the room

Blood red with tears
Pour from the stage

And you can't stop now
Row by row, almost out
Covered in black and gold
No one cares, no one knows

My gift to the world outside
It's okay, I'm alright
Now, open your empty hands
'Cause here comes the fun
Here comes the end
