"Rapture"

Visit "[Rapture](#)" on MotoLyrics.com

Two different types
The same kind of thread
Different needle sewn on
Hey! Hey! Hey!

It's a rapture
But it's a different style
It's a rapture
The same kind of thread
Go ahead begin

Begin, you'll like it
Again it kills
And it feels like

One's inside of me
The other carves you out from me
Just two different tools, different designs
Can't choose one
With power

I know how you are now
You twist everything else around
Now you're fucking with me

It's a waste of my time

You said "I won't again, I swear to god!"
You said "I swear to god, I won't again!"
You said "I won't again, I swear to god!"
You said "I swear to god, I won't again!"

Instead, you just waste
Waste
Waste my time
Instead you just waste
Waste....my time

If one takes it away

The other one makes up for it
It's just two different views

Different designs
If I could choose one
Which one?

I know how you are now
You twist everything else around
Now you're fucking with me
You just waste, waste..

You begin
You begin, you like it
Begin it, kills
It kills...life.

You said "I won't again, I swear to god!"
You said "I swear to god, I won't again!"
You said "I won't again, I swear to god!"
You said "I swear to god, I won't again!"

Instead, you just waste
Waste
Waste my time
Instead you just waste
Waste
Waste my time

Two different types
The same kind of thread
Just different needles
A whole world, hey!

It's a rapture
But it's a different style
It's a rapture
Same kind of thread
