Out on the tar plains the glides are moving  
All looking for a new place to drive  
You sit beside me so newly charming  
Sweating dew drops glisten fresh in your side

And the sun drips down bedding heavy behind  
The front of your dress all shadowy lined  
And the droning engine throbs in time  
With your beating heart

Way down the lane away living for another day  
The aphids swarm up in the drifting haze  
Swim seagull in the sky towards that other western isle  
My envied lady holds you fast in her gaze

And the sun drips down bedding heavy behind  
The front of your dress all shadowy lined  
And the droning engine throbs in time  
With your beating heart

And the sun drips down bedding heavy behind  
The front of your dress all shadowy lined  
And the droning engine throbs in time  
With your beating heart

Sing blue silver

And watching lovers part I feel you smiling  
Glass splinters lie so deep in your mind  
To tear out from your eyes, word stiffen brooding lies  
But I'll only watch you leave me further behind

And the sun drips down bedding heavy behind  
The front of your dress all shadowy lined  
And the droning engine throbs in time  
With your beating heart

And the sun drips down bedding heavy behind  
The front of your dress all shadowy lined  
And the droning engine throbs in time  
With your beating heart

Sing blue silver  
Sing, sing blue silver
