Blood stain...on his eye  
Reefer on his mind  
Well!  
Shut up and listen, you might be missin'  
Your hell blindfold  
Not touching no one  
And further sicken myself  
You got to miss and go, hell!  
Thought that you'd be myself  
Chooper...me beside  
Listen...you might learn me  
Said!  
Don't talk to no one and me's like itching downstairs  
She's about to break  
To get your self in  
I wont predict it myself  
I get her things and go, hell!  
Locked in a missing bed, so I  
You did never  
You never did!  
You never did!  
You did never  
You never...  
You never...  
...Did!  
My parents scream and scold, hell!  
Dying a peice in myself  
So I'll die  
I'll buy time  
I'll buy my beatings stole  
I'll die here  
I'll buy you  
No in sale
