Standing in the gentle wind, I rub my hands
so that they don't go numb with cold
And then, I found this miracle called you
SO CLOSE YOUR EYES HEY BOY

You opened the doors to my heart
As you aimed for it, you also
opened up the future
TALKING TO YOUR spilit,
confessing everything without regret

BABY NEVER STOP MY HEART
Please hold me tight
Tears and SMILE are far apart
and a vow for eternity is still far off..
But, my feelings well up,
when I catch sight of you
EVERYDAY'S & NIGHT WE ARE FRIENDS AND MORE
And many seasons we'll pass together

Within painfull, and suspicious thing
there is always a truth
I stare up at the star dust, on a sleepless morning
PLEASE HOLD ME TIGHT I SAY

No matter how hard I think,
I can't see within my own heart
But I know I need to believe when I go astray

because that's what you taught me

BABY NEVER STOP MY HEART
If you happen to
stumble in you dream
then let's walk together till we're out of breath
If we tell each other about our feelings
then we'll find each other
EVERYBODY NEEDS LOVE AND HAPPINESS
I'll try to be stronger, for you

Whatever we talk about, and aim for
we'll head for a warm place together

we'll arrive there together
On the other side of the cold seasons is a
SHINING DAY

BABY NEVER STOP MY HEART
Please hold me tight
Tears and SMILE are far apart
and a vow for eternity is still far off..
But, my feelings well up,
when I catch sight of you
EVERYDAY'S & NIGHT WE ARE FRIENDS & LOVE
And many seasons we'll pass together
