At last I've noticed  
It had never crossed my mind  
And I say what was with you?  
Your glances are not natural  
You see me and your condition changes  
And you seem to like me  
And even though you're pretty and cute  
And you have the most beautiful features  
And even though you are truly one of the most beautiful of all girls  
My heart is preoccupied with someone other than you  
And I love someone other than you  
Maybe she's not prettier than you

But she fills my eye

Oh me oh my, oh me oh my, oh me oh my oh me oh my

There are things you can't see

I've taken an oath from her

It's impossible for me to live without her

And I could never betray her

Save your beauty for someone other than me

She fills my universe

Oh me oh my, oh me oh my, oh me oh my oh me oh my

If I told you about her the words might not express

If you tried with me all your charm wouldn't be able to

Wouldn't be able to take me from her

I am hers and she is mine
