I know you usually don't hear me talk like this  
But I got a little game that I want to play  
Are you ready?

When I think about you, I think about giving myself to  
you  
'Cause you know I want you, babe  
And I will do anything  
I know you're thinking the same thing, babe

So come and get it, get it  
I'm so excited  
I can't hide my feelings  
Get it

I won't stop until we start over and finish  
Tonight it's all about my baby  
I'm feenin for you get me high  
I can't stop you feel me right?

Close the door, bed or floor  
I just want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

Close the door, bed or floor  
I want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

When I think about us  
I think about the way that we make love  
The way that you make me sweat, make me want a  
cigarette  
And I ain't no smoking chick but you got me wanting it

So don't stop, you making me high, I feel it right there  
We tossing and turning so keep it right there  
My adrenaline is pumping right, stomach muscles  
getting tight  
Skin so wet my finger slides

Gone take you to a place, you ain't never been  
Again and again, want you to feel it baby  
I'm bout to handle my business that's you  
Make sure you handle me too

Close the door, bed or floor  
I just want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

Close the door, bed or floor  
I want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

Commit baby, who's going to be first to scream out  
loud?  
I know you lose after second round and the  
consequence baby  
That you have switch to the third round  
And make me scream like when I put it down

Put on a little show to let your baby know  
By then, I should be screaming uncontrollably  
Hope you ready to stay up, one time is not enough  
Nothing too much, baby, just what I want baby

Close the door, bed or floor  
I just want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

Close the door, bed or floor  
I want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

Close the door, bed or floor  
I want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you

Close the door, bed or floor  
I want more, I can't get enough of you  
What I got in store, it's all of yours  
I just want more, I can't get enough of you
