Love has not been
That great of a friend to me, lately
Over and over, again and again
Love has proved that she is my enemy, my enemy

Repeating thoughts
Of the pain that it's caused
And the tears that I've cried
Is probably why

Love and I are breaking up tonight
Love will go its way, then I'm sure to find my love
Goodbye, but can you leave your trail behind?
'Cause I know myself and I would change my mind

And want to love again
And want to love again

I really wish we were made to be
Happy without love in our life
To know that I have total control
Over being happy, happy of reality

I cannot live without love
But I will try tonight

Love and I are breaking up tonight
Love will go its way and I'm sure to find my love
Goodbye, but can you leave your trail behind?
'Cause I know myself and I would change my mind

And want to love again

Love and I are breaking up
We're breaking up

Love and I are breaking up tonight
Love will go its way and I'm sure to find my love
Goodbye, but can you leave your trail behind?
'Cause I know, I'll change my mind

And want to love again

And want to love again
