*[Intro]*

Mmm yeah

Tell me that you like it

Oh yeah, yeah

(Woo, let's see if you remember this one)

Do I?!

Oh, now I have to go there

Oohh

Mmm yeah

Let me show you just how much I know this record

You know you had me

With your sensuous charm

You looked so alarmed

As I walked on by

And oh some wonder

You had to know why I did not respond

To carry on

Love me in a special way

What more can I say?

Love me now

Love me in a special way

What more can I say?

Love me now

Love me now

Cuz I'm special

Not the average kind

Who'd accept any line

That sounds good

So reach into your chain of thoughts

Try to find something new

What worked so well for you before

For me, it just won't do, no

Love me in a special way

What more can I say?

Love me now

Love me in a special way

What more can I say?

Love me now

Ooh ooh  
Oh yeah yeah  
Mmm hmm

So reach into your chain of thoughts  
Try to find something new  
Cuz what worked so well for you before  
For me, it just won't do, no no

Love me in a special way  
What more can I say?  
Love me now  
Love me in a special way  
What more can I say?  
Love me now

Love me in a special way  
What more can I say?  
Love me now  
Love me in a special way  
What more can I say?  
Love me now

Love me in a special way  
Love me everyday  
What more can I say?  
Just love me now
