Love was a former owner, but quiet is renting our
house
It ceases my lips from speaking, but forms a sarcastic
smile
Suspense now raised one of your eyebrows
You ask me if there's someone else
I replied yes, hell yes
You asked me if it's another man, I said (no)
You laughed and say is it a woman, I say (yeah)
Surprisingly you asked for honey's name

[Chorus]

And her name is me,
And she loves me more than you'll ever know
And I finally see that loving you and loving me
Just don't seem to work at all
So patiently, she's waiting on me to tell you
That she needs love
And to choose between you two, boy you know
If I have to choose, I choose me

[Verse]

And she told me to tell you to never to hurt me again
'cause if you haven't heard she's a bad chick
Eventhough I haven't been, no
Yet and still you try and test me by raisin' an angry
hand
Put it down, put it down

I'm leavin don't try and stop me, (no)
I'm late and she is waiting, (yes)
My love for me is too much so I can't stay

[Chorus]

And her name is me,
And she loves me more than you'll ever know
And I finally see that loving you and loving me
Just don't seem to work at all
So patiently, she's waiting on me to tell you
That she needs love
And to choose between you two, boy you know
If I have to choose, I choose me

'Cause she's actually formin' a threesome
And I'm happy that I can join them, and
Their names are me, myself and I

[Chorus]

And her name is me,
She loves me more than you'll ever know
I finally see that loving you and loving me
Just don't seem to work work at all
So patiently, she's waiting on me to tell you
That she needs love,
And to choose between you two, boy you know
If I have to choose, I choose me

She's waiting on me to tell you that she needs love,
Gotta choose between you two, and you know
If I have to choose,
I choose me, me, I gotta go with me
