## TAMIA LYRICS

"You Put A Move On My Heart"

[talking:]

baby i just want you to understand  
just exactly how you make me feel

oooh yeah

i wanna feel you next to me

oooh..... time after time, when im feelin low  
somethin inside of me lets me know that its alright  
loves on my side  
when the world...seems a lonely place  
i've got a dream that wont leave a trace of blues  
i just think of you baby i know

[chorus:]

ive got a real thing here by my side  
someone who needs me holding me tight  
and these special feelings wont ever fade  
cause i knew from the start you put a move on my heart

baby our loves like a melody playing for us  
in the sweetest key you could find the music of life  
and when we touch theres the warmest glow  
heat in the passion that heaven knows its a dream  
just for you, you and me...and baby i know

[chorus:]

ive got a real thing the love of my life  
someone who needs me and he feels me with pride  
baby now, now and forever, we'll never part  
cause you're the world to me you put a move on my  
heart

i got a real love yes i do, and you're someone baby  
you're someone baby, someone that needs true love  
and these, these special feelings, time can embrace

baby, believe me this aint a dream and suger  
i knew, i knew from the start, you put a move on me  
ooh you got through to my heart  
you got through to my heart babe ooh

baby cant you see, you and i were meant to be  
hold me, love me passionately blind, love me til the  
end of time  
hold me, love me ( and dont love go)  
baby cant you see, you and i were meant to be  
(i want you to touch me babe) passionately blind  
love me til the end of time, hold me love me ooh  
(repeat til end of song)

i want you right here, right now, laying by my side  
sugar thrill me tonight  
i wanna feel you in my arms ohh babe ohhh and u know  
i love when your lovin me

[talking:]

i wanna feel your body pressed against mine
