De Heideroosjes - Fuck The New Kids On The Block

=====

Chorus:

Fuck fuck fuck the new kids on the block (4x)

Step one, We gonna have a lot of fun

Step two, By killing you

Step three, We gonna hang you on a tree

Step four, We put your dicks between a door

Step five, We gonna kill you with a knife!

Chorus

{Just a joke about these idiots. These guys dont
make their own music, dont (try to) play by
themselves, they are just acting cool?to earn a
lot of money. This song is also against the big music
industry. MONEY DOESNT MAKE MUSIC, PEOPLE DO! }
