Kill your mommy, fuck your dog
I don't care, take a frog
God is dead and who are you?
You tell lies, you aren't true
Watch TV and fall asleep
Bono is Hitler, Chirac a creep
Life is short so live it fast
Try to be good, better, best

Everything for ourselfish and nothing for free
That's the way that it is, it always will be!

Walking left or take the right
Both ways awake a fight
Go ahead or come back
Don't leave the followed track
No end, no light of day
Always someone you betray
Shake a hand or make a fist
Your message will be missed

Give a smile or always cry
You are wrong untill you die

Hate the black, kills the whites
Illusion of the equal rights
Women are hookers, men are gay
Everybody is wrong, except me
I'm your hero, i'm your God
Shut up sucker, smoke your pot

Kill the world and kill yourself
Don't rely on no one else
Hit a child, molest a kid
No matter what, make it fit
You're a bitch and i'm a creep
Together we are falling deep
I hate your face and you hate mine
Our lives ain't worth a dime

* Frustration about society in special, frustation about the rest of the world in general. Sometimes it seems if

everything sucks.
