(La, la, la, la, la, la, la, I can't go on without you)
I can't stop my tears from falling since you've been
gone
Over and over your name I'm calling since you left me
alone
There's an awful pain inside me 'cause you're breaking
my heart
Slowly but surely, I can feel myself falling, falling apart

'Cause I know
I can't go on, I just can't make it
I can't go on without you

Your picture was staring at me from on the wall
I had to take it down, couldn't stand to see it at all
That didn't help me, baby, I still see your face
That old memory is haunting me, floating there in
space

Ooh, I say
I can't go on, I just can't make it
I can't go on without you

I don't hang around the old gang since you've been
gone
My presence seems to bring them pain 'cause I am all
alone
Even the weeping willow tree is crying for me
It's plain as day, without you, babe, I'm slowly wasting
way

'Cause I know
I can't go on without you
I can't go on, I just can't make it
I can't go on, I just can't take it
I can't go on, no, no baby
I can't go on, I just can't take it
