Oooo since you've been gone, boy
I tell you, I've been so alone, boy
You've got me afraid, afraid to close my eyes
Each time I do it's you I visualize
Baby baby I can see you walkin' away
Ooo just like you did that day
The same hurt that I felt when we parted
Baby baby once again has started
So don't you know that I gotta find a way
To get you back, boy; I'm so lonely

Nights I can't sleep, boy
I tell you, without you I'm weak, boy
Don't you know, not one single day goes by
That I wake up without tear-filled eyes
Don't you know I very seldom leave my lonely room
'Cause without you my life is filled with gloom
There's no end to the tears that I shed
Slowly, slowly goin' out of my head
So baby baby I gotta find a way
To get you back, boy; ooo I'm so lonely

(instrumental)

Baby baby ooo, when I'm out walkin'
Boy, I always wind up on your street
I'm just a broken hearted girl
In a dark & lonely world
In need of the love you took from me
Baby baby all I do is think about you
Believe me, it's a cold cold world without you
Boy, my heart ain't gettin' no stronger
I tell you, can't carry on very much longer
So baby baby I gotta find a way
To get you back, boy; ooo I'm so lonely

Baby baby my heart keeps gettin' higher
Baby, burnin', burnin' with desire
So baby baby I gotta find a way
To get you back, boy; ooo
Can't make another day without you

I cry every time I think about you
So baby baby I gotta find a way
...& fade
