Yeah yeah yeah yeah, yeah yeah yeah yeah  
You say you're gonna take me to the best places in  
town  
You say you're gonna put all your other girls down  
If I, I would marry you, oh yeah  
I said if I, I would marry you, wo wo wo wo

I couldn't care less 'bout this ol' town  
You could keep those chicks up; you know that I've got  
'em down  
So I, I won't marry you, no no  
I said that I, I won't marry you, wo wo wo wo

You say you're gonna give to me the key to your heart  
You say you're gonna give me, baby, all the money that  
you have got  
If I, I would marry you, oh yeah  
I said if I, I would marry you, wo wo wo wo

You know that I'm gonna take the key to your heart  
You know I'm gonna take all the money, honey, you  
have got  
'Cause I, I will marry you, oh yeah  
I said that I, I will marry you, wo wo wo wo

I said that I, I will marry you, oh yeah  
I said that I, I will marry you  
Wo, I said that I, I, I will marry you
