If you don't think that I love you  
If you don't think that I care  
Well, you'd better change  
You'd better change (scream)  
You'd better change

If you don't think that I cry  
Now you know that I would die  
So you'd better change  
You'd better change (scream)  
You'd better change

You told me that you loved me & you said you cared  
But I'll go with you, baby, any old where

(repeat verse 1)  
(instrumental)  
(repeat verse 1)

You'd better change  
You'd better change
