(If you see Bill)
Just tell him I still love him
Just tell him please come back to me
Just tell him I'm sorry
& I'm in misery

If you see Bill
Just tell him I need him
Just tell him I'll wait for him
If you see Bill

At night I sit alone & wonder,
Who is kissing him right now?
She doesn't know it, but she don't have the right
I'm the girl, but somehow

If you see Bill
Give a lonely heart a helping hand
Tell me to find my friend
If you see Bill, mmmm yeah
Mmm mmm mmm mmm
If you see Bill, if you see Bill
